

Youth Summer Safety Series

WEEK LONG DAY CAMP FOR KIDS AGES 13-17

The Youth Summer Safety Series will include:

- Local fire fighters showing students how to put out a fire safely using a fire extinguisher.
- American Red Cross showing how to build a home fire preparedness plan.
- AGH Surgical Team demonstrating how to prepare for a surgery. Students will gown up and scrub into a mock case.
- AGH Radiology will overview Imaging techniques, including ultrasound, nuclear medicine, and CT.
- AGH Nutrition demonstrating healthy eating habits with interactive sessions.
- AGH Laboratory blood typing.
- A field trip to the 911 Center and Emergency Operation Center.
- Youth will receive a Disaster Preparedness backpack.
- Learning personal safety including self-defense techniques and situational awareness.
- Emergency Department teaching students how to prioritize patients and care for major bleeding. Stop the Bleed Training.
- LIFE EMS covering emergency response and triage. Youth will get to tour ambulance and equipment.
- Relationship building techniques and the importance of anti-bullying.
- Distracted and Impaired Driving Simulator.
- Learning the vital role that volunteers play in healthcare.
- All participants will receive a CPR certification and a completion certificate.

Fee: \$50 - includes breakfast, lunch and snacks each day along with supplementary course materials.

Space is limited to 15 students.

Visit www.allegangeneral.org to register today (Register for a Class/Calendar of Events/June 18-22)

Please Note: Parents or guardian must accompany their child to the class on the first day to complete necessary paperwork.
